

Luxury Bath Technologies

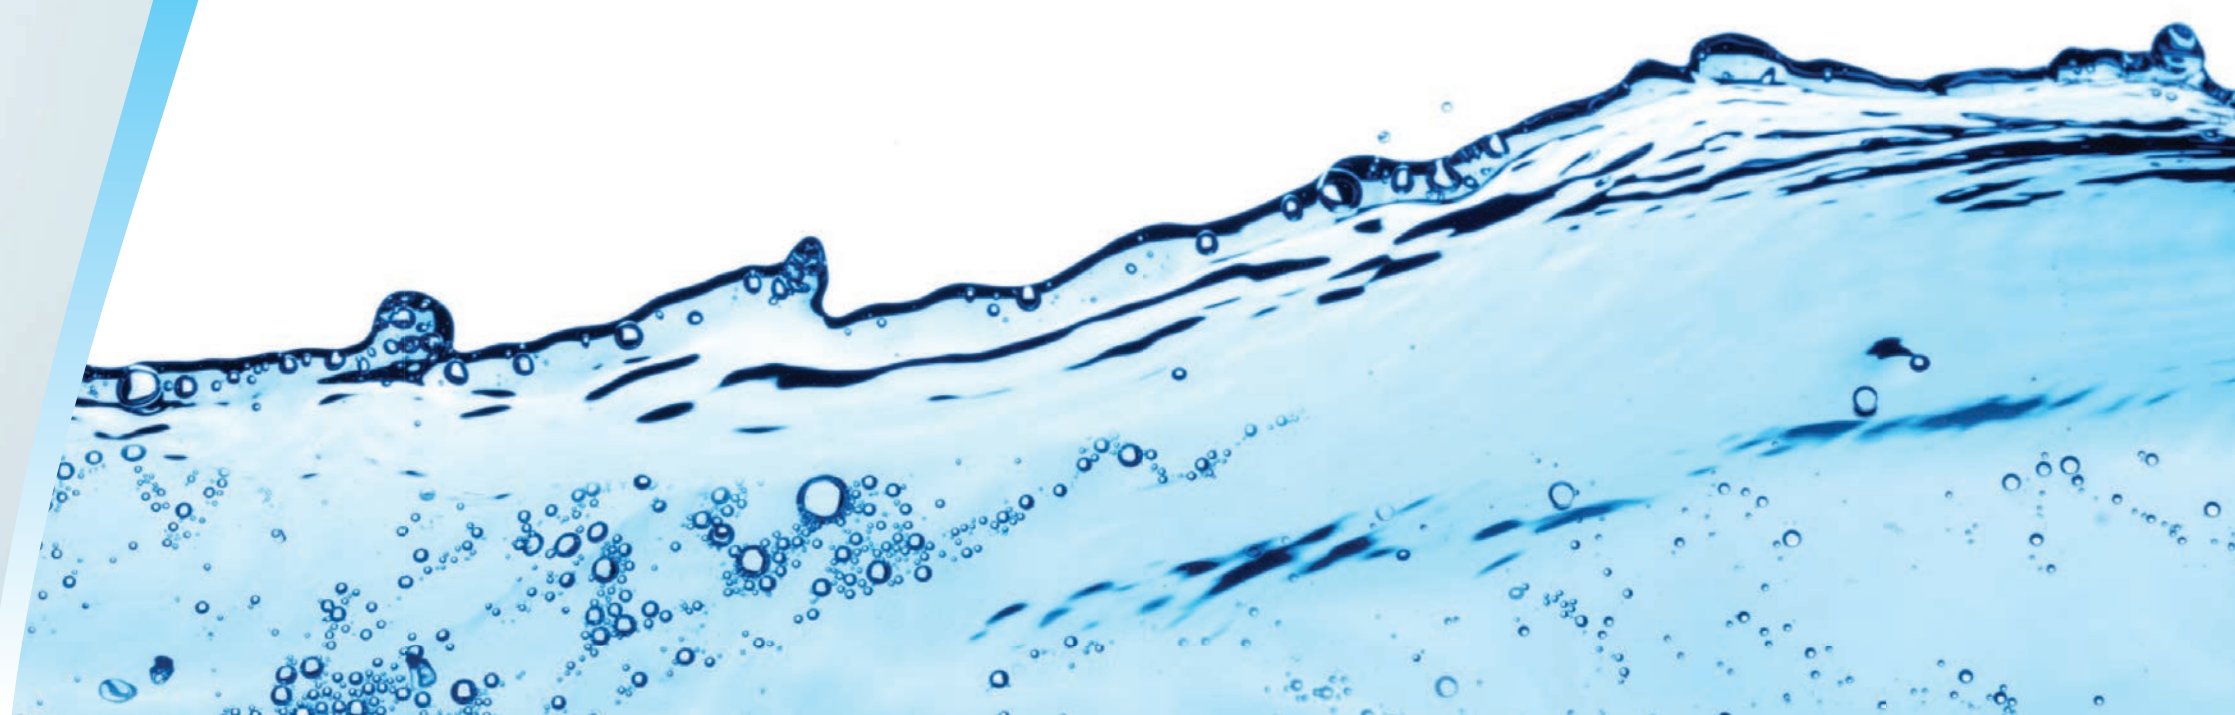

Luxury Bath Technologies

Since 1991, Luxury Bath has been manufacturing, selling, and installing products that make your life better and safer. Bathrooms need style with substance, and Luxury Bath's world class design allows enduring appeal, performance, and sophistication in perfect symmetry. Whether you're looking to update an old bathroom, create a luxurious spa-like setting or improve the safety and accessibility of your tub or shower, Luxury Bath has the products and remodeling experience you want.

We all have our idea of a luxurious escape, whether its adrift on a mountaintop, laying on a sandy beach, or relaxing in a urban spa, it's a place where we dream about after a long, stressful day. From preparing to start your day, to unwinding at night, the bathroom plays an important role in your life. It should be an enjoyable and welcoming environment which reflects the way you live. Allow Luxury Bath to customize your luxurious escape.

EXPERIENCE THE LUXURY BATH DIFFERENCE

Your bathroom should be clean, fresh, and pure. In 2011 Luxury Bath® released the most innovative and exclusive product line in bathroom remodeling. This technologically advanced line of custom tubs and showers are only available through Luxury Bath, and designed to provide you with a custom, clean retreat.

- Every Luxury Bath is protected with Microban®, designed to inhibit the growth of mold and mildew.
- All custom fitted bathtubs are anchored with LuxBond®, the exclusive adhesive system that hardens like a rock for a permanent fit.
- Luxury Bath's signature Luxsan acrylic is the heaviest gauge in North America, more impact and chemical resistant, and is less porous than all others, making it the most durable and easy to clean surface for your bath enclosure.
- Exclusive to Luxury Bath are LuxSeal® shower doors. LuxSeal glass surface is ultra-smooth, optically clear and has a protective layer for easy cleaning.
- Each tub or shower is manufactured for your specific bathroom and professionally installed quickly, at just a fraction of the cost of a full bath remodel.
- Luxury Bath provides you with the finest color matched silicone sealant in the industry that inhibits the growth of mold and mildew and fully cures overnight for next day use.

Luxury Bath's exclusive SuperTach adhesive will guarantee that your acrylic walls will be anchored in place for the lifetime of your home.

NEW IMPRESSIONS

Luxury Bath's exclusive Impressions series combines the look of real Italian ceramic brick tiles with the durability and cleanability of maintenance-free acrylic. These new wall panels feature 3-Dimensional engraved lines along with new contemporary patterns for a more upscale appearance in the bath enclosure. The Impressions series is available in all of Luxury Bath's colors creating an infinite number of unique and personalized design options.

Arctic Ice Roman Block Impressions wall system with Brushed Nickel hardware.

EXPERIENCE NATURAL ROMANCE

A custom Luxury Bath is your private retreat where you can relax, unwind, and get away from the pressures of the world. Ignite the passion and enchantment of romance in your new bathroom. The beauty of Canyon Rock, coupled with oil rubbed bronze accessories, sets the scene for a romantic getaway right in your very own home.

Canyon Rock 12" x 12" Roma wall system with Durango mid-wall decorative trim and Oil Rubbed Bronze hardware.

THE EXCLUSIVE **LUXBOND®** DIFFERENCE

Luxury Bath completely revolutionized the bath remodeling industry in 2009, with its state of the art bathtub installation techniques. Luxury Bath utilizes proprietary software technology to guarantee a perfectly custom fitted, acrylic bathtub. Additionally, LuxBond is an exclusive, four part adhesive that creates a watertight finishing seal, assuring your new bathtub is completely safe, solid, and waterproof. LuxBond is also 100% non-toxic and environmentally friendly. With LuxBond, you protect your investment for a lifetime!

ALL COMPETITORS VS. **LUXBOND**

Black Butyl Tape

Exclusive LuxBond®

While the rest of the remodeling industry uses antiquated Black Butyl Tape (LEFT) for installation which allows water seepage, Luxury Bath's exclusive LuxBond technology (RIGHT) fills into every space providing a watertight seal for life.

White Travertine 8" x 8" wall system
with Chrome fixtures and
White Beadboard wainscot.

EXPERIENCE TUSCAN SUNSET

Transform your bathroom into your own private island. Enjoy the sophistication of the Mediterranean right in your own home. Luxury Bath's rustic Piazza tile pattern takes the charm of old world Tuscany directly into your bathroom! Complete your earthly look with oil rubbed bronze accessories to showcase the beauty of timeless elegance.

Sierra Sand Piazza wall system with Durango mid-wall trim, Oil Rubbed Bronze Hardware and Sierra Sand Piazza wainscot.

EXPERIENCE URBAN OASIS

After a brisk stroll down by the lake, soak in the modern feel of your own Urban Oasis. A sleek design and contemporary tile pattern provide the backdrop for your custom retreat. Choose from color patterns from our classic collection, or add an upscale look with our exclusive travertine and slate colors. Relax and enjoy! Your city escape is right in your own home!

White 4" x 4" Simulated Tile wall system with Oil Rubbed Bronze fixtures and White 4" x 4" wainscot.

EXPERIENCE COOL SERENITY

Peaceful. Calm. Tranquil. Luxury Bath invites you to revel in a place of pampering, privacy, and comfort. Shower away the stress of the day in your custom shower designed exclusively for you by Luxury Bath. Cool Artic Ice sets the tone for your spa escape. Add an elegant sunflower shower head in brushed nickel to completely immerse yourself in your own private spa.

Brushed Nickel hardware and Arctic Ice
12" x 12" wainscot.

White safe and accessible Barrier-Free shower pan with a White Smooth wall system.

DESIGNING BATHROOMS WITH AN EYE TOWARDS THE FUTURE

While Luxury Bath's universal design bathrooms feature solutions for seniors and those with limited mobility, the broader purpose is to advance the quality of life for all individuals. So even if retirement is decades away, you can still benefit from a thoughtful remodel sooner than later.

EXPERIENCE THE ACCESSIBLE DIFFERENCE

Luxury Bath's product lines are aesthetically pleasing and functionally accessible. We are committed to our customers' continual freedom and independence. Let us replace your current, high-sided tub with an accessible walk-in tub. As with all Luxury Bath products, these accessible tubs are made of the finest materials available. Additionally, add optional accessories, like grab bars or whirlpool jets. Luxury Bath also specializes in barrier-free showers for people with limited mobility. When it comes to showers, accessibility and luxury have a lot in common. Some of the hottest design trends — large, walk-in showers with no doors and versatile body sprays — fit right in with designs that make showers safe, accessible and enjoyable to use. Luxury Bath's unique designs make bathrooms work for everyone, regardless of age, size and ability, ensuring that your bath system will serve you well for years to come.

White safe and accessible Walk-In Tub with acrylic Beadboard wainscot and chair rail trim.

YOU DESIGN THE DIFFERENCE

When designing your bathroom, it really is all about the details. Your bathroom should express your individuality and sense of style. Customize your retreat with our finest accessory options which include:

Matte Finish Sierra Sand 12" x 12" Roma 3/4 wall system with Durango capping trim and Brushed Nickel hardware.

ALTERNATIVE MATTE FINISH

Luxury Bath's Matte Finish acrylic walls are the perfect selection for clients who prefer a less shiny alternative for their bath enclosure. Without sacrificing any cleanability, these exclusive Matte Finish walls actually offer an additional barrier of protection against damage. Luxury Bath's Matte Finish walls are available in numerous designer patterns to color coordinate with any bath décor.

THE EXCLUSIVE MICROBAN® SYSTEM

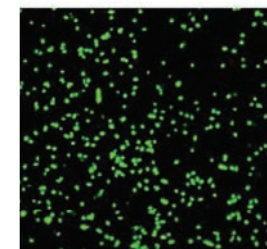

Luxury
Bath
Technologies

The use of antimicrobial technologies can help make products greener by protecting them against the damaging effects of bacteria, mold and mildew. Products that stay cleaner and fresher for longer reduce the environmental impact caused by more frequent cleaning, laundering and product replacement.

Microban protection is registered with the EPA for all applications and Microban additives can be found in leading consumer and industrial products around the world. In addition to Luxury Bath®, Microban also proudly partners with Conair®, Rubbermaid®, Bissell®, Reebok®, Whirlpool®, Kimberly Clark®, and Sherwin-Williams®. Microban is infused into SimplyPure™ and Luxsan® surfaces, providing you with continual assurance that all Luxury Bath products will remain clean and fresh for longer. Luxury Bath's SimplyPure system will remain free of mold and mildew.

With Microban® protection

Without Microban® protection

For example, in these images taken using a confocal microscope, you can see how Microban technology begins to work immediately on the surface, disrupting key bacterial cell functions so that the bacteria are unable to grow or reproduce. While on the unprotected surface, bacteria quickly multiply and grow.

Cleaner.

Fresher.

Longer.

ECO FRIENDLY CHOICE

At Luxury Bath, we realize that reducing our carbon footprint involves more than just responsible material selection and manufacturing processes. When you want to take every step possible to make your home eco friendly, a Luxury Bath shower system or bath is attractive for your home and for the environment!

All of Luxury Bath's products are 100% recyclable, and most of our products fit right over your existing system, eliminating the need for a complete tearout and added waste to our landfills. Exclusively, Microban® extends the life of your product by making it easier to clean, and our LuxBond® adhesive is an all natural and organic compound.

When you want to "Go Green," do so with Luxury Bath!

MANUFACTURED IN THE USA

Luxury Bath is America's premier manufacturer of luxury bath and shower systems. All Luxury Bath products are produced in our facility in Glendale Heights, Illinois. Our commitment to producing domestically, directly impacts our country by keeping Americans working. Our commitment to quality ensures that your purchase will satisfy you for a lifetime.

EXPERIENCE THE LUXSEAL® DIFFERENCE

Luxury Bath's glass and shower enclosures are available in a variety of patterns and frame finishes, all featuring our proprietary LuxSeal glass treatments and tapered bottom track. LuxSeal transforms the glass surface into an ultra-smooth, optically clear, protective layer for easy cleaning, virtually eliminating unsightly water marks and mineral deposits. It reduces glass cleaning by almost 90 percent. The trackless, frameless door design eliminates the build-up of soap residue and mildew, allowing for quick and easy cleaning. These doors are available in 3/16", 1/4" and 3/8" heavy glass, in a variety of contemporary styles and finishes.
